

ABSENCE DECLARATION REACH (SVHC)

Date.: 13.08.2021 (¹)

Version 6.0

Products: stock shapes

PEEK Classix white

PEEK LSG natural, black, green, blue, yellow, red

PEEK LSG und FG natural / black

PEEK CA30 LSG

PPSU LSG black BK937

PPSU LSG natural NT15

PPSU LSG blue BU1027

PPSU LSG brown BN1164

PPSU LSG yellow YL1337

PPSU LSG grey GY1037

PPSU LSG green GN1007

PPSU LSG orange OR1145

PPSU LSG red RD1018

PEI LSG natural

PSU LSG natural

PC LSG natural

POM-C LSG natural / black

PP-H LSG natural

To the best of our knowledge, we herewith confirm that the substances mentioned on the **Candidate List of Substances of Very High Concern as published by ECHA on 28 October 2008 and updated up to and including 08 July 2021**, are neither intentionally introduced² during the production of the raw materials nor during the manufacture of the above mentioned stock shapes, or that the maximum concentration of 0.1% (w/w) mentioned by ECHA has not been exceeded, with the exceptions as mentioned below.

However, since the presence of the above mentioned substances cannot reasonably be expected, Cellpack AG BBC Cellpack Technology does not systematically check their absence in its stock shapes by testing.

Bisphenol A (CAS Nr. 80-05-7) is a monomer that is used in the production of the resins that are used for the extrusion of **PEI natural**, **PC LSG natural** and **PSU LSG natural** stock shapes respectively and so it will be present in the end products in very small quantities. According to the resin suppliers these quantities are below 0.1% (w/w).

¹ This statement expires in case of regulatory or compositional changes.

² "Intentionally introduced" means "deliberately utilised in the formulation of a material to facilitate manufacture or to provide a specific characteristic, appearance or quality".
