

ABSENCE DECLARATION REACH (SVHC)

Date.:	25.02.2022 ⁽¹⁾	Version 7.0
Products:	stock shapes	
	PA 6 E natural and black	
	PA 66 natural and black	PA 66 E + 30% GF
	PA 46	
	PA 66 Nylatron® GS	
	PA 6G , natural, black, blue	PA 6G Plus
	PA 6G LFX green	
	PA 6G Nylatron® MC 901	PA 6G Nylatron® GSM
	PA 6G Nylatron® NSM	PA 6 Nylatron® XL
	POM-C natural, black, blue	POM-C LQ
	POM-C MD	
	POM-H natural and black	
	PETP natural, black, blue	PETP TX
	PC natural	

To the best of our knowledge, we herewith confirm that the substances mentioned on the **Candidate List of Substances of Very High Concern as published by ECHA on 28 October 2008 and updated up to and including 17 January 2022**, are neither intentionally introduced² during the production of the raw materials nor during the manufacture of the above mentioned stock shapes, or that the maximum concentration of 0.1% (w/w) mentioned by ECHA has not been exceeded, with the exceptions as mentioned below.

However, since the presence of the above mentioned substances cannot reasonably be expected, with the exceptions as mentioned below, Cellpack AG BBC Cellpack Technology does not systematically check their absence in its stock shapes by testing.

Bisphenol A (CAS Nr. 80-05-7) is a monomer that is used in the Production of the resins that are used for the extrusion of **PC natural** stock shapes and so it will be present in the end product in very small quantities. According to the resin supplier these quantities are below 0.1% (w/w).

¹ This statement expires in case of regulatory or compositional changes.

² "Intentionally introduced" means "deliberately utilised in the formulation of a material to facilitate manufacture or to provide a specific characteristic, appearance or quality".
