

ABSENCE DECLARATION REACH (SVHC)

Date.:	14 February 2024 ⁽¹⁾	Version 3.0
Products:	stock shapes	
	POM-C MD	
	PC natural	
	POM-C LQ	POM-C natural, black, blue
	POM-H natural	
	PA 46	PA 6 E natural, black
	PA 6G natural, black, blue	PA 6G Plus
	PA 66 E + 30% GF	
	PA 66 natural, black	PA 6G LFX green
	PETP natural, black, blue	PETP TX
	PA 6 Nylatron XL	
	PA 6G Nylatron GSM	PA 66 Nylatron GS
		PA 6G Nylatron MC 901
	PA 6G Nylatron NSM ^{*,α}	
	PE-UHMW antistatisch	PE-UHMW ASTL
	PE-UHMW natural (black, blue, green, red, yellow) [#]	
	PE-UHMW DrySlide ^(#)	

To the best of our knowledge, we herewith confirm that the substances mentioned on the **Candidate List of Substances of Very High Concern as published by ECHA on 28 October 2008 and updated up to and including 23 January 2024**, are neither intentionally introduced² during the production of the raw materials nor during the manufacture of the above mentioned stock shapes, or that the maximum concentration of 0.1% (w/w) mentioned by ECHA has not been exceeded, with the exceptions as mentioned below.

Since the presence of the above mentioned substances cannot reasonably be expected, with the exceptions as mentioned below, BBC Cellpack Technology AG does not systematically check their absence in its stock shapes by testing.

* 1-methyl-2-pyrrolidone (NMP; EC number 212-828-1; CAS number 872-50-4) is used in a concentration above 0.1% (w/w) during the productions of these materials produced in the US.

^αWhen purchased in Europe, no SVHC above 0.1% w/w are intentionally added.

This statement is valid for materials purchased in Europe. Work is ongoing to gather the information for materials purchased in USA. The statement will be updated as soon as the information is available.

Bisphenol A (CAS Nr. 80-05-7) is a monomer that is used in the Production of the resins that are used for the extrusion of **PC natural** stock shapes and so it will be present in the end product in very small quantities. According to the resin supplier these quantities are below 0.1% (w/w).

All statements, technical information, recommendations, and advice are for informational purposes only and are not intended and should not be construed as a warranty of any type or term of sale. The reader, however, is cautioned that BBC Cellpack Technology AG does not guarantee the accuracy or completeness of this information and it is the customer's responsibility to test and assess the suitability of the products in any given application or for use in a finished device.

¹ This statement expires in case of regulatory or compositional changes.

² "Intentionally introduced" means "deliberately utilised in the formulation of a material to facilitate manufacture or to provide a specific characteristic, appearance or quality".
